## About Us

Vocational Services, Inc. has been providing vocational and rehabilitative services to individuals with disabling conditions since 1966. We provide services to over 250 individuals throughout Clay and Platte Counties in Missouri. Our objective is to help those that we serve become self-sufficient and advocate for their rights. We give our clients much more than a paycheck; with the help of our dedicated staff, they are given opportunities to work towards their goals, realize their dreams, develop relationships and be a part of their own community.

## Thanks for Your Business!

At Vocational Services, Inc. we appreciate the opportunity to partner with you to help your business grow. The work you provide helps give an individual with disabilities the opportunity to work towards their goals and be a part of their own community. We pride ourselves on customer services and work hard to deliver a product that exceeds expectations. We look forward to working with you in the future!

## Departmental Highlight

### **Work and Personal Services**

VSI's Work and Personal Services Program (WPS) is unique in that it provides an extended work opportunity to individuals who are in need of more intensive job training and assistance from staff to complete their work tasks.

Historically, consumers entering WPS due to advancing age or advancing disability have been able to extend their employment-in many cases, as long as ten years. Additionally, volunteer work and opportunities for community integration services are available for many individuals participating in WPS.
